

# Back to School Safety Measures

Overview of Daily COVID-19 Prevention Measures for Returning to School

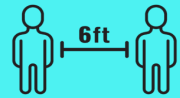

## MASKS

- Required for students and staff in buildings when social distancing isn't possible (less than 6 feet). Not required for PK - 2 in the classroom.
- During transition times, entering and exiting the building, buses; may be removed during classes and activities when social distancing is possible.
- Masks or face coverings must cover the nose, mouth, and chin simultaneously.

## SOCIAL DISTANCING

- Students should maintain 6 feet of social distance in the hallways during arrival, dismissal, and transition times
- Classroom desks will be spaced at the greatest distance possible that the room allows
- Masks will be required at any time when social distancing cannot be maintained

## LIMIT CONTACTS

- Students will be with their classroom throughout the day. Interaction with students outside of their classroom will be limited.
- Students will eat breakfast and lunch in the classroom (PK and K will eat lunch in the cafeteria)
- Students will go to recess with their classroom only, playground will be cleaned regularly

## STAY HOME WHEN SICK

- Students should not come to school when sick
- Students will be sent home when displaying symptoms of COVID-19 including fever, shortness of breath, loss of taste/smell, coughing, sore throat, diarrhea, nausea, or vomiting
- DHEC and SDOC guidelines will be followed if a student or employee contracts COVID-19

## HYGIENE

- Hand sanitizer will be available in the classroom
- Hand washing will be encouraged throughout the day (after bathroom, before/after eating, during breaks)
- No drinking from fountains, students may bring water bottle

## CLEANING

- Daily cleaning of frequently touched areas like doors, desks, and chairs
- Restrooms cleaned throughout the day
- Regular disinfecting of school and classroom using electro-static sprayer
- Additional cleaning each day after students, teachers, and staff leave
